(c1825)Architect - Builder:Present Condition: Fair.Number of Stories: Two and three stories with attic.Materials of Construction: Cast iron columns, brick piers or walls carry brick walls above. Wood floors. Metal roof.Other Existing Records:Additional Data: Cast iron balustrade on second story balconies; ridge roof; closed gables; end chimneys; dormers; stone lintels; brick cornice course with or without brick parapet above seem typical of these groups of old stores.

Mr. John Hulse is convinced these buildings were built considerably before 1860, but it is difficult to assign even an approximate date. Mr. Lowrey states he has seen a mantle upstairs in one of these buildings which he estimates dates from about 1820.
